

## **Friends of Madera Canyon Virtual Learning Project**

Activities for “Madera Canyon Bird Coloring Pages”:

(Enrichment activities to follow coloring of bird page(s); help from teacher or parent recommended.)

- 1)** Choose one bird that you colored and write a report about it. Ask your teacher or parent to help you find information for your report on-line or in books.
  
- 2)** Draw a color picture of your bird with plant and animal friends in their “nature neighborhood” in Madera Canyon. (Scientists call their “nature neighborhood” a **habitat**)
  
- 3)** (Advanced) “Research” and make a list of 10 other bird species that are found in Madera Canyon. After the names, write down if the species is a **resident** (lives in the canyon year-round) or if the bird is a **migrant** (only in the canyon for part of the year) and what seasons it visits the canyon.

**Hint:** The Friends of Madera Canyon website has a Madera Canyon bird list under “Madera Canyon/Birding & Hiking”
